

Justin Alexander Schweitzer, OD, FAAO

Cataract, Cornea, Refractive, and Glaucoma Surgery Specialist
Vance Thompson Vision
3101 West 57th St & 5003 S. Bur Oak Pl.
Sioux Falls SD 57108-3162
(605) 361-3937
justin.schweitzer@vancethompsonvision.com

Employment

Vance Thompson Vision

Cornea, Glaucoma, Cataract and Refractive Surgery Specialist
Sioux Falls, South Dakota
July 2012 – Present

Modern Optometry

Co-Chief Medical Editor
January 2019 – Present

Director of Optometric Externship Program

Vance Thompson Vision
January 2019 - Present

Sioux Falls Family Vision

Optometric Physician
Sioux Falls, South Dakota
June 2006 – July 2012

Adjunct Professor

Illinois College of Optometry – Director of Externship for Vance
Thompson Vision

Northeastern State University Oklahoma, College of Optometry – Director
of Optometric Externship for Vance Thompson Vision

Education

PACIFIC UNIVERSITY COLLEGE OF OPTOMETRY

Forest Grove, Oregon
Doctor of Optometry with distinction
May 20, 2006

JAMESTOWN COLLEGE

Jamestown, North Dakota
B.A. Biology
B.A. Business Administration
Fall 1997 - Spring 2002
Cum Laude

JAMESTOWN HIGH SCHOOL

Jamestown, North Dakota

Class of 1997

Licensure

South Dakota

T625

June 2006

Residency

July 2012

June 2013

Vance Thompson Vision, Sioux Falls SD

The residency focused on anterior segment disease and glaucoma. It included cornea, external disease, pre- and postoperative cataract care, refractive surgery. Worked alongside or directly with John Berdahl MD, Vance Thompson MD, and Alison Tendler MD, and was integrated into the medical and surgical care of patients.

Optometric Internships

May 2005

August 2005

Pacific University College of Optometry, Portland, OR

Participated in all aspects of optometric care: low vision, vision therapy, primary care, ocular disease, and pediatrics/strabismus referral center.

August 2005

November 2005

Cascade Eye Center, The Dalles and Hood River, OR

Observed and participated in comprehensive optometry and ophthalmology. Observed ocular surgeries, practiced aspects of pre and post cataract and refractive surgeries.

November 2005

February 2006

Alaska Eye Care Centers, Anchorage, AK

Participated in all aspects of optometric care. Special emphasis in specialty contact lens fitting and care.

February 2006

May 2006

Albert Lea Eye Clinic-Mayo Health System, Albert Lea, MN

Observation and participation in all aspects of comprehensive ophthalmology. Emphasis on ocular disease diagnosis, treatment, and management. Observation and participation in cataract surgery, glaucoma surgical treatments, cataract pre-op and post-op and other surgical procedures

Book Chapter(s)

The Ophthalmic Office Procedures Handbook

Wolters Kluwer, 2024, February

The Ophthalmic Laser Handbook

Chapter 16 – Femtosecond Laser-Assisted Cataract Surgery

Wolters Kluwer, 2021, September

Corneal Biomechanics: From Theory to Practice.

Edited by: C.J. Roberts & J. Liu

Kugler Publications, 2016-09-07

Scientific Papers

Geographic Atrophy Management Consensus (GA-MAC): a Delphi panel study on identification, diagnosis, and treatment.

Kaiser, Peter, K., Karpecki, Paul, M., Regillo, Carl, D. et al.

BMJ Open Ophthalmology: 2023; 8:e001395.doi:10.1136/bmjophth-2023-001395.

Glaucoma and Dry Eye Disease: Opportunity to Assess and Treat.

Nijm, Lisa M., Schweitzer, Justin, Blackmore-Gould, Jennifer.

Clinical Ophthalmology: 2023: 17 3063-3076

Defocus Curve of Emerging Presbyopic Patients

Shafer, Brian M., Puls-Boever, Keeley, Berdahl, John P., Thompson, Vance, Ibach, Mitch J., Zimprich, Larae L., Schweitzer, Justin A.

Clinical Ophthalmology: 2023:17.

Trabecular microbypass stent implantation in pseudoexfoliative glaucoma: Long term results.

Ferguson, Tanner J., MD; Swan, Russell J. MD; Bleeker, Adam BS; et al. Journal of Cataract and Refractive Surgery: 2020 Jan 9; 46: 1284-1289

Corneal Hysteresis as a Biomarker of Glaucoma: Current Insights.

Zimprich L., Diedrich J., Bleeker A., Schweitzer JA. Clinical Ophthalmology. 2020: 14 2255-2264.

Prospective Interventional Cohort Study of Ocular Surface Disease Changes in Eyes After Trabecular Micro-Bypass Stent(s) Implantation (iStent or iStent inject) with Phacoemulsification. Schweitzer JA, Hauser WH, Ibach M, Baartman B, Gollamudi SR, Crothers AW, Linn JE, Berdahl JP. Ophthalmology and Therapy. 2020 August 13.

iStent Trabecular Microbypass Stent Implantation with Phacoemulsification in Patients with Open-Angle Glaucoma: 6-Year Outcomes

Ferguson TJ, Mechels KB, Dockter Z, Bleeker A, Ibach M, Schweitzer J, Berdahl JP. Clin Ophthalmol. 2020 Feb 1; 14: 1859-1866.

8 hrs Safety Evaluation of a Multi-Pressure Dial in Eyes With Glaucoma: Prospective, Open-Label, Randomized Study.

Samuelson TW, Ferguson TJ, Radcliffe NM, Lewis R, Schweitzer J, Swan R., Berdahl JP. Clin Ophthalmol. 2019 Oct 2; 13:1947-1953.

Trabecular micro-bypass stent implantation with cataract extraction in pigmentary glaucoma.

Ferguson TJ, Ibach M, Schweitzer J, Karpuk KL, Stephens JD, Berdahl JP. Clin Exp Ophthalmol. 2019 Sep 10.

Trabecular microbypass stent implantation in pseudophakic eyes with open-angle glaucoma: Long term results.

Ferguson TJ, Ibach M, Schweitzer J, Karpuk K, Stephens JD, Sudhagani R, Berdahl JP. J Cataract Refract Surg. 2019 Apr, 45(4): 414-420.

Assessment of corneal hysteresis measured by the ocular response analyzer as a screening tool in patients with glaucoma.

Schweitzer J., OD; Ervin M., BS; Berdahl J., MD; Clinical Ophthalmology 2018:12: 1809-1813

The Role of Corneal Hysteresis in Predicting Outcomes in Glaucoma Patients Undergoing Trabecular Microbypass Stent in Combination with Cataract Surgery.

Kindle T., Greenwood M, Ibach M, Schweitzer J, Sudhagani RG, Berdahl J. S D Med. 2018 Apr;71(4): 158-163.

Safety and efficacy of intravitreal injection of steroid and antibiotics in the setting of cataract surgery and trabecular microbypass stent.

Kindle T., MD; Ferguson T., BS; Ibach M, OD; Greenwood M, MD; Schweitzer J, OD; et al.

Journal of Cataract and Refractive Surgery Jan. 2018; 44:56-62

Evaluation of a Trabecular Microbypass Stent With Cataract Extraction in Severe Primary Open-angle Glaucoma

Ferguson, Tanner BS; Swan, Russell MD; Ibach Mitch OD; Schweitzer, Justin OD; Sudhagani, Ramu PhD; Berdahl, John P. MD

Journal of Glaucoma 2017

Trabecular Microbypass Stent Implantation with Cataract Extraction in Pseudoexfoliation Glaucoma.

Ferguson TJ, Swan R, Ibach M, Schweitzer J, Sudhagani R, Berdahl JP. Journal of Cataract and Refractive Surgery 2017; 43:622-626.

Clinical evaluation of a Trabecular Micro-Bypass Stent With Phacoemulsification in Patients With Open-Angle Glaucoma and Cataract.

Ferguson TJ, Berdahl JP, Schweitzer JA, Sudhagani RG. Clinical Ophthalmology 2016:10 1767-1773

Evaluation of a Trabecular Micro-Bypass Stent in Pseudophakic Patients With Open-Angle Glaucoma.

Trabecular Micro-Bypass Stent Implantation with Cataract Surgery in Open-Angle Glaucoma: 9 Year Results

Justin Schweitzer, OD
American Academy of Optometry, San Diego, 2022

Improvement in Patient-Reported Outcomes Following Trabecular Micro-Bypass and Cataract Surgery

Justin Schweitzer OD
American Academy of Optometry, At Home 2020

Novel Design and Clinical Outcomes of a New Non-Diffractive Presbyopia-Correcting Intraocular Lens

Justin Schweitzer OD, John Berdahl MD, Vance Thompson MD
American Academy of Optometry, At Home 2020

Ocular Surface Disease Changes after iStent or iStent Inject Implantation with Phacoemulsification

Brandon Baartman, MD on behalf of Justin Schweitzer, OD, Whitney Hauser, OD, Mitch Ibach, OD, Subba Gollamudi MD, Andrew Crothers, MD, John Linn, MD, John Berdahl, MD
American Society of Cataract and Refractive Surgery 2020

Analysis of the Defocus Curve of Emerging Presbyopic Patients

Brian Shafer MD, John P. Berdahl MD, Vance Thompson MD, Mitch Ibach OD, Larae Zimprich OD, Justin Schweitzer, OD.
American Society of Cataract and Refractive Surgery 2020

Squamous Cell Carcinoma in a patient with Xeroderma Pigmentosum

Larae Zimprich, OD, Justin Schweitzer, OD, FAAO
American Academy of Optometry, Orlando 2019

A Novel Clinical Method for Measuring Corneal Elasticity In Vivo

Kyle Tetrault, OD, FAAO, Justin Schweitzer OD, FAAO, Sean McCaffery MD
American Academy of Optometry, Orlando 2019

Depth of Focus Evaluation of a Trifocal IOL

Justin Schweitzer, OD, FAAO
American Academy of Optometry, Orlando 2019

Ocular Surface Disease Improvement In Eyes Implanted with a Trabecular Meshwork Bypass Stent

Justin Schweitzer, OD, FAAO, Whitney Hauser, Mitchel Ibach, OD, FAAO
American Academy of Optometry, Orlando 2019

Treatment with iStent Inject Trabecular Micro-Bypass Stents Combined with a Topical Prostaglandin for OAG: 48 Month Outcomes

Justin Schweitzer, OD, FAAO on behalf of the MIGS Study Group
American Optometric Association, St. Louis 2019

Treatment With Second-Generation MIGS Trabecular Micro-Bypass Stents in Subjects with OAG on 1 Preoperative Medication: 42-Month Outcomes

Justin Schweitzer, OD, FAAO on Behalf of the MIGS Study Group
American Optometric Association, Denver 2018

Evaluation of a Trabecular Micro-Bypass Stent with Cataract Extraction in Open-Angle Glaucoma: Long Term Results

Justin Schweitzer, OD, FAAO, John Berdahl, MD, Tanner Ferguson, MD, et al.
American Optometric Association, Denver 2018

Evaluation of a Trabecular Microbypass Stent in Combination with Cataract Surgery Plus Triamcinolone-Moxifloxacin-Vancomycin Intravitreal Injection

Mitch Ibach, OD, FAAO, Michael Greenwood, MD, Justin Schweitzer, OD, FAAO, John Berdahl, MD
American Society of Cataract and Refractive Surgery, New Orleans, 2016

Assessment of Corneal Hysteresis Measured by the Reichert Ocular Response Analyzer as a Screening Tool in Patients with Glaucoma

Justin Schweitzer OD, FAAO, Molly Ervin BS, John Berdahl MD
American Optometric Association, Seattle, 2015

Evaluation of a Trabecular Micro-Bypass Stent with Phacoemulsification in Patients with Open-Angle Glaucoma and Cataract (Updated)

John P. Berdahl Justin A. Schweitzer OD, Tanner J. Ferguson
American Society of Cataract and Refractive Surgery, San Diego, 2015

Evaluation of a Trabecular Micro-Bypass Stent in Pseudophakia (Updated)

Tanner J. Ferguson, Justin A. Schweitzer OD, John P Berdahl MD
American Society of Cataract and Refractive Surgery, San Diego, 2015

Comparative Evaluation of Ophthalmic Steroids used Post-operatively with a Trabecular Micro-Bypass Stent in Patients with Glaucoma and Cataracts

Justin Schweitzer OD, Tanner Ferguson, John P. Berdahl MD
American Academy of Optometry, Denver, 2014

Trabecular Microbypass Stent Implantation with Cataract Extraction in Pseudoexfoliation Glaucoma.

Tanner J. Ferguson, Justin A. Schweitzer OD, John P. Berdahl MD
American Society of Cataract and Refractive Surgery, Boston, 2014

Evaluation of a Trabecular Micro-Bypass Stent with Phacoemulsification in Patients with Open-Angle Glaucoma and Cataract

John P. Berdhal, Justin A. Schweitzer OD, Tanner J. Ferguson
American Society of Cataract and Refractive Surgery, Boston, 2014

Evaluation of a Trabecular Micro-Bypass Stent in Pseudophakia

Tanner J. Ferguson, Justin A. Schweitzer OD, John P Berdahl MD
American Society of Cataract and Refractive Surgery, Boston, 2014

Lectures

2024

Island Eyes – Pacific University College of Optometry

1. Cutting Edge Cataract Care: Cases and Considerations
2. Managing Your Patients Glaucoma: From Classic Case to the Conundrum
3. Cases and Conundrums of the Anterior Segment
4. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
5. Diagnosing and Treating Neurotrophic Keratitis

Palm Beach Winter Seminar

1. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
2. The Challenges of the Cornea
3. Managing Your Patients Glaucoma: From Classic Case to the Conundrum

Eyes on Dry Eye

1. Advanced Technology IOL Considerations with the Dry Eye Patient

Vision Expo East

1. Current Trends in Keratoconus Management
2. Glaucoma Gauntlet: Managing Cases from Diagnosis to Treatment
3. Corneal Hysteresis: A Vital Piece to The Glaucoma Puzzle

Glaucoma Symposium: OD's On Facebook

1. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery

OD's on Finance: Annual Glaucoma Symposium

1. Optimizing the Ocular Surface in Glaucoma

The Ocular Disease Update

1. Managing Your Patients Glaucoma: From Classic Case to the Conundrum
2. The Challenges of the Cornea
3. Optimizing the Ocular Surface in Glaucoma
4. Diagnosing and Treating Neurotrophic Keratitis

American Optometric Association

1. Glaucoma Mythbusters
2. Comanaging Surgical Complications: What Every OD Needs to Know

International Keratoconus Association Annual Meeting

1. CXL Roundtable 1: Today and Tomorrow

National Glaucoma Society

1. Glaucoma Management: Focus on MIGS

Florida Optometric Association

1. Cutting Edge Cataract Care: Cases and Considerations
2. Cases and Conundrums of the Anterior Segment: The Family Feud Edition
3. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery

American Academy of Optometry

1. Hot Topics in Glaucoma – Optometric Glaucoma Society
2. Drugs, Devices, and New Discoveries: Dive into Optometry's Evolution and Expansion
3. Advances in Ocular Drug Delivery
4. Surgical Mythbusters

New Technology Meeting/Intrepid Eye Society Meeting

1. Glaucoma Update
2. OSD in the Glaucoma Patient
3. Advance Procedures

Idaho Optometric Association

1. The Challenges of the Cornea
2. Innovations in Glaucoma

3. Current Trends in Keratoconus Management
4. Glaucoma Mythbusters

Arizona Optometric Association

1. Cutting Edge Cataract Care Cases and Considerations
2. Managing Your Patients Glaucoma From the Classic Case to the Conundrum

Vision Expo West

1. Case Challenges of the Cornea
2. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
3. Case Files: The Glaucoma Chronicles
4. Glaucoma Mythbusters

MOD Live

1. Current and Future Innovations in Glaucoma

2023

Rhode Island Optometric Association/New Hampshire Optometric Association Fall Meeting

1. Challenges of the Cornea
2. All-Inclusive Cataract Care, Considerations, and Complications: Going Far Beyond Phaco and IOL
3. The Glaucoma Balancing Act Preserving the Ocular Surface and Optic Nerve Simultaneously

Optometric Education Consultants

1. All-Inclusive Cataract Care, Considerations, and Complications: Going Far Beyond Phaco and IOL

Vision Expo West

1. Optimizing the Ocular Surface in Glaucoma
2. Current Trends in Keratoconus Management
3. Glaucoma Gauntlet: Managing Cases from Diagnosis to Treatment

Woo University

1. Optimizing the Ocular Surface in Glaucoma

American Academy of Optometry

1. Dry Eye, Defects, & Dropouts
2. Innovations in Eyecare Today and Beyond

Arizona Optometric Association Winter Meeting

1. Current Trends in Keratoconus Management
2. The Challenges of the Cornea
3. Optimizing the Ocular Surface in Glaucoma
4. The Surgical Management of the Anterior Segment: The OD's Role

Eyes on Dry Eye

1. The Balancing Act: Preserving the Ocular Surface and Optic Nerve Simultaneously

Indiana Optometric Association Winter Seminar

1. The Nuances of Normal Tension Glaucoma
2. Innovations in Glaucoma: Next Generation Technology, Medications and Drug Delivery

Texas Optometric Association

1. Trends in Glaucoma: Current, New, and What the Future Holds
2. Managing Your Patients Glaucoma from the Classic Case to the Conundrum
3. Attacking Ocular Allergies: Current and Future Trends

Vision Expo East

1. Individualizing Glaucoma Treatment: Understanding How to Utilize Traditional and Novel Agents
2. Innovations in Glaucoma: Next Generation Technology, Medications and Drug Delivery
3. MIGS in Glaucoma

4. Corneal Hysteresis and IOPcc: Glaucoma Vitals for the Modern Era

Primary Care Spring Symposium – Saratoga Springs

1. Stuck in a Rut: Corneal Ulcers
2. The Challenges of the Cornea
3. The Nuances of Normal Tension Glaucoma
4. Optimizing the Ocular Surface in Glaucoma

OD's on Finance – Virtual

1. Innovations in MIGS: The OD's Role

International Keratoconus Association

1. Keratoconus Diagnostics Part I: Establishing the Diagnosis

Berkley Education Symposium

1. Innovations in MIGS: The OD's Role
2. The Nuances of Normal Tension Glaucoma
3. Glaucoma Grand Rounds

American Optometric Association – Washington DC

1. Cutting Edge Cataract Care
2. 2020 and Beyond: Surgical Innovations and Updates
3. Beyond Drops: Surgical Considerations in Glaucoma

Review of Optometry/Intrepid Eye Society Meeting

1. What's New in Glaucoma
2. The Glaucoma Compass: Glaucoma Grand Rounds

MOD Live – Nashville

1. Presbyopia Updates
2. Cataract and Refractive Surgery Updates
3. Glaucoma Updates

2022

EyeCon – Marco Island

1. Pipeline Advances 2022
2. Updates in Ocular Surface Disease (DED, MGD, Demodex Blepharitis)
3. Glaucoma Update (MIGS, topicals, sustained release)

American Academy of Optometry – San Diego

1. Optometry's Increased Role in Advanced Surgical Procedures
2. Cases and Conundrums in Surgical Glaucoma Care
3. Navigating the Medical Management of Glaucoma

Interactive Ocular Disease Update – Indiana LASIK Centers

1. Innovations in MIGS: What's the OD's Role?
2. Current Trends in Keratoconus Management
3. The Challenges of the Cornea
4. Attacking Ocular Allergies: Current and Future Trends

New Jersey Society of Optometric Physicians

3. The Nuances of Normal Tension Glaucoma
4. Innovations in Glaucoma: Next Generation Technology, Medications and Drug Delivery
5. The Challenges of the Cornea
6. The Surgical Management of the Anterior Segment: The OD's Role

Woo University – Challenges of the Cornea

Wisconsin Optometric Association Annual Meeting

1. Cases and Conundrums of the Anterior Segment: The Family Feud Edition
2. Trends in Glaucoma: Current, New, and What the Future Holds
3. The Nuances of Normal Tension Glaucoma
4. When Topical Just Isn't Enough: Oral Medications

5. Now What? Managing Surgical Postoperative Complications
6. Stuck in a Rut: Corneal Ulcers
7. Surgical Advances in Glaucoma Therapy

Vision Expo West – Las Vegas, NV

1. MIGS in Glaucoma
2. Innovations in Glaucoma Drug Delivery: What the Future Holds
3. Individualizing Glaucoma Treatment
4. Today's Research for Tomorrow's Treatment: What is in the Pipeline

CE in the Rockies – Estes Park Co

1. Stuck in a Rut: Corneal Ulcers
2. Optimizing the Ocular Surface in Glaucoma
3. Innovations in Glaucoma: Next Generation Technology, Medications, and Drug Delivery
4. State of the Art Cataract Care

American Optometric Association – Optometry's Meeting – Chicago

1. The OD's Role in the Management of MIGS in 2022
2. Now What? My Patient is Progressing

Maloney-Shamie Vision Symposium

1. Glaucoma: Catch Me If You Can
2. Postop MIGS – What Now?

Eyes on Glaucoma – Virtual

1. Considerations in Glaucoma and OSD: Quality of Life Issues

MOD Live – Nashville

1. Cataract Surgery in the Glaucoma Patient

Sacramento Ocular Disease Update – Virtual

1. Managing Your Patients Glaucoma: From the Classic Case to the Conundrum

CRU – Napa

1. Trends in Glaucoma: Current, New, and What the Future Holds

PERC – Virtual

1. MIGS and Thermal Eyelid Treatment: Better Together

Ocular Disease Update – Branson Missouri

1. Current Trends in Keratoconus Management
2. Managing Your Patients Glaucoma: From the Classic Case to the Conundrum
3. Innovations in MIGS: What's the OD's Role
4. Stuck in a Rut: Corneal Ulcers
5. Corneal Hysteresis: An Indicator for Glaucoma Progression?

Woo University

1. Attacking Ocular Allergies: Current and Future Trends

Pacific University Annual CE – Coeur d' alene

6. Cases and Conundrums of the Anterior Segment: The Family Feud Edition
7. Innovations in Glaucoma Drug Delivery: What the Future Holds
8. Current Trends in Keratoconus Management

Vision Expo East – New York City

5. MIGS in Glaucoma
6. Surgical Advances in Glaucoma Therapy
7. Innovations in Glaucoma Drug Delivery: What the Future Holds

AACO Meeting – Nashville

1. Covering Glaucoma from A to Z: Glaucoma Grand Rounds

2. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
3. The OD's Role in the Management of MIGS
4. Current Trends in Keratoconus Management

Heart of America – Kansas City

1. Covering Glaucoma from A to Z: Glaucoma Grand Rounds
2. MIGS in Glaucoma
3. State of the Art Cataract Care
4. The Nuances of Normal Tension Glaucoma

Eyes on Dry Eye – Virtual

1. MIGS and Thermal Eyelid Treatment: Better Together

AFOS Meeting in Association with SECO

1. Stuck in a Rut: Corneal Ulcers
2. Now What? Managing Surgical Postoperative Complications

Woo University

1. Innovations in Glaucoma Drug Delivery: What the Future Holds?

2021

Optometric Education Consultants – Nashville Meeting

1. State of the Art Cataract Care
2. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery

American Academy of Optometry – Boston

1. Now What? Managing Surgical Postoperative Complications
2. Utilizing Diagnostic and Therapeutic Advancements to Effectively Manage Ocular Surface Disease
3. Ocular Trauma, Urgencies and Emergencies

East/West – Columbus

1. Innovations in Glaucoma Drug Delivery: What the Future Holds?
2. Mastering the Management of MIGS
3. Corneal Hysteresis: An Indicator for Glaucoma Progression

Vision Expo West 2021

1. Innovations in Glaucoma Drug Delivery: What the Future Holds?
2. Surgical Advances in Glaucoma Therapy
3. MIGS in Glaucoma

North Dakota Optometric Association

1. Managing Your Patient's Glaucoma: From The Classic Cases to the Conundrum
2. Stuck in a Rut: Corneal Ulcers

Tropical CE

1. State of the Art Cataract Care
2. Secondary Silent Thieves: Secondary Glaucoma's
3. When Topical Just Isn't Enough: Oral Medications
4. The Nuances of Normal Tension Glaucoma
5. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
6. The Challenges of the Cornea

OptoWest – Virtual

1. Secondary Silent Thieves: Secondary Glaucoma's
2. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery

American Optometric Association 2021 – Optometry's Meeting

1. The Surgical Management of the Anterior Segment: The OD's Role
2. First Line Glaucoma Therapy: What is It?

Vision Expo East 2021

4. Innovations in Glaucoma Drug Delivery: What the Future Holds?
5. Surgical Advances in Glaucoma Therapy
6. MIGS in Glaucoma

Eyes on DryEye

1. Optimizing the Ocular Surface in Glaucoma

2021

1. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
2. Frontline Ocular Surface Disease Care
3. When Topical Just Isn't Enough: Oral Medications
4. The Nuances of Normal Tension Glaucoma
5. The Silent Thieves: Secondary Glaucoma's
6. The Challenges of the Cornea

Virtual Island Eyes PUCO

1. Innovations In Glaucoma: Next Generation Technology, Medications, and Delivery
2. When Topical Just Isn't Enough: Oral Medications
3. Managing Your Patients' Glaucoma: Classica Cases to Conundrums
4. MIGS in Glaucoma

California Bay Area Optometric Council – Virtual Meeting

1. Secondary Silent Thieves: Secondary Glaucoma's
2. The Latest in MIGS Management

The Academy of Ophthalmic Education

1. Innovations in Glaucoma: Next Generation Technology, Medications and Delivery
2. Secondary Silent Thieves: Secondary Glaucoma's

Illinois Optometric Association – Virtual Meeting

1. State of the Art Cataract Care
2. Stuck in a Rut: Corneal Ulcers
3. The Blueprint for Managing MIGS: Cases and Considerations

2020

Virtual At Home Academy 2020

1. The Roadmap for Conquering Glaucoma: Classic Cases and Conundrums
2. Innovations for the Optometric Practice: 2020 and Beyond
3. Piecing Together the Pressures of Glaucoma: IOP, ICP, EVP, OPP
4. 2020 and Beyond: Surgical Innovations and Updates

Minnesota Optometric Association Meeting

1. Corneal Hysteresis: An Indicator for Glaucoma Progression
2. State of the Art Cataract Care
3. When Topical Is Not Enough Oral Medications
4. Innovations in Glaucoma: Next Generation Technology
5. The Secondary Silent Thieves – Secondary Glaucoma
6. Stuck in a Rut: Corneal Ulcers

Virtual Optometry's Meeting 2020

1. Innovations in Drug Delivery: What the Future Holds
2. Innovations for the Optometric Practice: 2020 and Beyond
3. The Roadmap for Conquering Corneal Ulcers

Ocular Disease Update: NSUOCO Summer Meeting

1. Managing Your Patient Glaucoma: Classic Cases to Conundrums
2. Corneal Hysteresis an Indicator of Glaucoma Progression
3. Stuck In a Rut Corneal Ulcers
4. The Current Trends in Keratoconus Management

Indiana Optometric Association

1. Covering the Cornea from ABMD to Zoster
2. A Room with A View: The Medical Management of Glaucoma

SUNY Optometric Glaucoma Symposium

1. An Optometrist Guide to MIGS: Pre-op/Post-op Considerations and Where We Stand Today
2. Glaucoma Technology: Now and What the Future Holds

New York Optometric Eye Society

1. MIGS in Glaucoma
2. Current Trends in Keratoconus Management

New Jersey Society Optometric Physicians

1. MIGs in Glaucoma

2019

Optometric Management Symposium – December 2019, Orlando

1. Covering the Cornea (A)BMD to (Z)oster
2. A Room With a View: The Medical Management of Glaucoma

Wisconsin Optometric Association – November, 2019 Wisconsin Dells

1. Secondary Silent Thieves: Secondary Glaucoma's
2. Mastering the Management of MIGS
3. Premium Implant Options for the Cataract Patient
4. Corneal Hysteresis: An Indicator for Glaucoma Progression?

Michigan Optometric Association – October 2019, East Lansing MI

1. Secondary Silent Thieves: Secondary Glaucoma's
2. Blepharitis, MGD, and OSD
3. Covering the Cornea: A(BMD) to (Z)oster
4. When Topical is Not Enough: Oral Medications

American Academy of Optometry – October 2019, Orlando

1. Rapid Fire: Comorbidities of Dry Eye Disease and Glaucoma
2. Innovations in Glaucoma: Next Generation Technology, Medications, and Delivery
3. Stuck in a Rut: Corneal Ulcers and Contact Lenses

Georgia Optometric Association – October 2019, Athens GA

5. Mastering the Management of MIGS
6. A Room with a View: The Medical Management of Glaucoma
7. Covering the Cornea: A(BMD) to (Z)oster
8. When Topical is Not Enough: Oral Medications

Eye Centers of Ohio – October 2019, Canton OH

1. Innovations in Glaucoma Drug Delivery
2. Mastering the Management of MIGS

Primary Eye Care Symposium – Pittsburg October 2019

1. Innovations in Optometry
2. Covering the Cornea: (A)BMD to (Z)oster
3. A Room with a View: Medical Management of Glaucoma

Valley Eye Optometric Symposium – October 2019, Appleton WI

1. Secondary Silent Thieves: Secondary Glaucoma's

Vision Expo West – September 2019, Las Vegas

1. Surgical Update 2019 – What Every OD Needs to Know
2. Collaborative Care in Glaucoma
3. New Technology in Glaucoma

National Glaucoma Society – July 2019, Cape Cod

1. How Low Can We Go?: Peri-Operative Management of Cataracts and Minimally Invasive Glaucoma Surgery
2. Controversies in Glaucoma
3. Glaucoma Workshop

Optometry's Meeting – American Optometry Association – June 2019 St. Louis

1. Mastering the Management of MIGS
2. Managing The Surgical Patient: Surgical Updates on Cataract, Cornea, Glaucoma, and Retina
3. Secondary Silent Thieves: Secondary Glaucoma's
4. Covering Glaucoma from A to Z: Glaucoma Grand Rounds

Contemporary Glaucoma Management Symposium – May 2019 Indianapolis, Indiana

Kentucky Optometric Association – April 2019

1. Covering the Cornea (A)BMD to (Z)oster
2. New Technologies in Glaucoma

Optometric Cataract, Cornea and Refractive Society – April 2019

1. Post-operative Complications after MIGS, SLT, LPI
2. Thick and Thin: A Review of Cornea Transplant Procedures

Chu Vision Foundation Symposium – April 2019

1. How Low Can You Go: Perioperative Management of MIGS and Cataracts

Saratoga Springs – Primary Eye Care Symposium – April 2019

1. Blepharitis, MGD, and OSD
2. A Room with a View: The Medical Management of Glaucoma
3. Covering the Cornea from ABMD to Zoster

University Alabama-Birmingham Spring CE – April 2019

1. How Low Can You Go: Perioperative Management of MIGS and Cataracts
2. State of the Art Cataract Care
3. Covering the Cornea from ABMD to Zoster

Vision Expo East – March 2019

4. Surgical Update 2019 – What Every OD Needs to Know
5. Collaborative Care in Glaucoma
6. New Technology in Glaucoma

Knowledge Outlook Conference – January 2019

1. Perioperative Management of Cataracts and MIGS
2. Tackling Toricity in Cataract Surgery
3. State of the Art Cataract Surgery
4. Covering the Cornea from ABMD to Zoster
5. Second is Not the First Loser When it Comes to Glaucoma

Virginia Optometric Association 1-Day – January 2019

1. Update on Cataracts, Glaucoma, and Ocular Surface Disease
2. Innovations in Glaucoma Drug Delivery
3. Glaucoma Grand Rounds

Eye Care Physicians – January 2019

1. Stuck in a Rut: Corneal Ulcers
2. State of the Art Cataract Care
3. Covering the Cornea from A(BMD) to (Z)oster
4. Blepharitis, MGD, and OSD
5. How Low Can You Go: Perioperative Management of MIGS and Cataracts
6. Second is Not the First Loser: Secondary Glaucoma's

Kleiman-Evangalista CE – January 2019

1. How Low Can You Go: Perioperative Management of MIGS and Cataracts
2. Premium Implant Options for the Cataract Patient

2018

American Academy of Optometry – November 2018

1. The Surgical Update 2018: What Every Optometrist Needs to Know
2. Innovative Technology in the Optometric Practice

New Technologies Meeting – Arlington VA – November 2018

1. Next Generation Glaucoma Delivery and Meds
2. Blepharitis, MGD, and OSD
3. Glaucoma Workshop
4. Glaucoma Grand Rounds: Diagnostic Dilemma's

GWCO – October 2018

1. Corneal Hysteresis: An Indicator for Glaucoma Progression?
2. Stuck in a Rut: Corneal Ulcers
3. Innovations in Glaucoma Drug Delivery
4. MIGS Update

East/West – October 2018

1. Corneal Hysteresis: An Indicator for Glaucoma Progression?
2. A Room with a View: The Medical Management of Glaucoma
3. Innovations in Glaucoma Drug Delivery
4. Second is Not the First Loser: Secondary Glaucoma's

Vision Expo West – September 2018

1. The Surgical Update 2018: What Every Optometrist Needs to Know
2. Innovations in IOP Technology for Glaucoma

Illinois Optometric Convention – September 2018

1. Adventures in Glaucoma – 6 hour TQ Course

Combined Ophthalmic Symposium/ASCRS – August 2018

1. Cornea Cornucopia
2. Glaucoma Grand Rounds

American Optometric Association – Optometry's Meeting 2018

1. Stuck in a Rut: Corneal Ulcers
2. A Room With a View: Medical Management of Glaucoma
3. Navigating the Angle: Gonioscopy

Oklahoma Association of Optometric Physicians – April 2018

1. Covering the Cornea from (A)BMD to (Z)oster
2. Stuck in a Rut: Corneal Ulcers
3. How Low Can We Go: Perioperative Management of Cataracts and Minimally Invasive Glaucoma Surgery.

Vision Expo East – March 2018

1. Innovations in IOP Technology for Glaucoma
2. The Surgical Update 2018: What Every Optometrist Needs to Know

Vance Thompson Vision Spring Symposium – March 2018

1. Top 10 List – The Top 10 Reasons Glaucoma Treatment is Getting an Upgrade
2. Explain This Photo: Cornea

Texas Optometric Association – February 2018

1. Stuck in A Rut: Corneal Ulcers
2. Covering the Cornea from (A)BMD to (Z)oster
3. A Room With a View: Medical Management of Glaucoma
4. Corneal Hysteresis: An Indicator for Glaucoma Progression
5. Premium Implant Options for the Cataract Patient

Heart of American Congress – February 2018

1. Innovations in Ocular Drug Delivery Systems
2. How Low Can You Go: Perioperative Management of Cataracts and Minimally Invasive Glaucoma Surgery
3. Stuck in A Rut: Corneal Ulcers
4. Covering the Cornea from (A)BMD to (Z)oster
5. Premium Implant Options for the Cataract Patient

2017

American Academy of Optometry – October 2017

1. Innovations in Ocular Drug Delivery Systems
2. The Surgical Update 2017: What Every Optometrist Needs to Know

Rosenberg School of Optometry CE Fall Seminar 2017 – September 2017

1. How Low Can You Go: Perioperative Management of Cataracts: Minimally Invasive Glaucoma Surgery
2. Corneal Hysteresis: An Indicator of Glaucoma Progression
3. When Topical Just Isn't Enough: Oral Glaucoma Medications
4. A Room With a View: Medical Management of Glaucoma

Vision Expo West – September 2017

1. Keeping the Bugs Off and the Contacts On: Microbial Keratitis
2. Corneal Hysteresis: An Indicator for Glaucoma Progression
3. A Room with a View: The Medical Management of Glaucoma

American Optometric Association – Optometry's Meeting June 2017

1. How Low Can We Go? Peri-Operative Management of Cataracts and Minimally Invasive Glaucoma Surgery
2. Navigating the Angle – Workshop
3. Surgical Glaucoma Treatments

Tennessee Association of Optometric Physicians – May 2017

1. Stuck in a Rut: Corneal Ulcers
2. Navigating the Angle: Gonioscopy
3. Innovations in Glaucoma Drug Delivery: What the Future Holds

Vision Expo East – March/April 2017

1. Keeping the Bugs Off and the Contacts On: Microbial Keratitis
2. Corneal Hysteresis: An Indicator for Glaucoma Progression
3. Minimally Effective: A case for MIGS

Southern Council of Optometrists (SECO) – March 2017

1. Covering the Cornea from A(BMD) to Z(oster)
2. Tackle Those Tough Corneal Ulcers
3. State of the Art Cataract Care
4. Tackling Toricity in Cataract Surgery

Vance Thompson Vision Spring Symposium March 2017

1. Covering the Cornea

2016

American Academy of Optometry – Anaheim 2016

1. Grand Rounds Case – Fungal Keratitis: The Challenges of Diagnosis, Treatment, and Management
2. The Mysteries of Dystrophies

New Mexico Optometric Association Mid Year Meeting September 2016

1. How Low...Can you Go! Cataracts and Glaucoma
2. Cloudy, Funky Bowtie: Cataracts and Irregular Astigmatism
3. Corneal Disorders and Dystrophies: A to Z

Vance Thompson Vision Fargo Symposium September 2016

1. How Low...Can you Go! Cataracts and Glaucoma

American Optometric Association – Optometry’s Meeting Boston 2016

1. Stuck in a Rut: Corneal Ulcers
2. Essentials in Cataract Patient Care
3. Cloudy, Funky Bowtie: Cataracts and Irregular Astigmatism

Vance Thompson Vision Symposium March 2016

Minimally Invasive vs Minimally Effective

2015

North Dakota Optometric Association October 2015

1. Stuck in a Rut: Corneal Ulcers
2. Corneal Disorders and Dystrophies: A to Z
3. Corneal Hysteresis: An Indicator for Glaucoma Progression?
4. When Topical Just Isn’t Enough: Oral Glaucoma Medications
5. Premium Implant Options for the Cataract Patient

Vance Thompson Vision Symposium March 2015

Advanced Diagnostics and MIGS for Glaucoma

Minnesota Optometric Association Meeting, February 2015

1. How Low...Can you Go! Cataracts and Glaucoma
2. A Room with a View...Medical Management of Glaucoma
3. Cloudy, Funky Bow Tie...Cataracts and Irregular Astigmatism

2014

Nebraska Optometric Association Meeting, September 2014

1. How Low...Can you Go! Cataracts and Glaucoma
2. A Room with a View...Medical Management of Glaucoma

Vance Thompson Vision Symposium, March 2014

A Room with a View...Medical Management of Glaucoma

2013

Vance Thompson Vision Symposium, March 2013

1. How Low...Can you Go! Cataracts and Glaucoma
2. Specialty Contact Lenses for The Irregular Cornea

Clinical trials:

1. Post Approval Study of the AcrySof® IQ Toric High Cylinder Power IOL Models SN6AT6-SN6AT9.
Protocol C-11-020
 - a. Sponsor: Alcon
 - b. My Role: Sub-Investigator
2. To evaluate the safety and efficacy of the Glaukos Trabecular Micro-Bypass Stent Model GTS400 in conjunction with cataract surgery, compared to cataract surgery only, in subjects with mild to moderate open angle glaucoma.
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
3. Patient-Reported Outcomes with LASIK 2 -Protocol PROWL-2
 - a. Sponsor: United States Food and Drug Administration
 - b. My Role: Sub-Investigator
4. A Prospective, Randomized, Single-Masked, Controlled, Parallel Groups, Multicenter Clinical Investigation of the Glaukos Suprachoroidal Stent Model G3 in Conjunction with Cataract Surgery (GC-007)
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
5. A Prospective Randomized Controlled Multi-Center Clinical Study to Evaluation the Safety and Effectiveness of the Light Adjustable Lens (LAL) in Subjects with Pre-Existing Corneal Astigmatism. Protocol CSP-002-03
 - a. Sponsor: Calhoun Vision
 - b. My Role: Sub-Investigator
6. A Multi-Center, Randomized, Placebo-Controlled Evaluation of the Safety and Efficacy of the KXL System with VibeX (Riboflavin Ophthalmic Solution) for Corneal Collagen Cross-Linking in Eyes with Keratoconus. Protocol KXL-001
 - a. Sponsor: Avedro
 - b. My Role: Sub-Investigator
7. A Multi-Center, Randomized, Controlled Evaluation of the Safety and Efficacy of the KXL System with VibeX (Riboflavin Ophthalmic Solution) for Corneal Collagen Cross-Linking in Eyes with Keratoconus or Corneal Ectasia After Refractive Surgery. Phase III. Protocol ACOS-KXL-001
 - a. Sponsor: Avedro
 - b. My Role: Sub-Investigator
8. A Multi-Center, Open-Label, Parallel-Arm, Randomized, Dose-Ranging Study of ENV515 (travoprost) Intracameral Implant in Subjects with Bilateral Ocular Hypertension or Early Primary Open-Angle Glaucoma
 - a. Sponsor: Envisia Therapeutics Inc.
 - b. My Role: Sub-Investigator
9. A Prospective, Multicenter, Randomized, Parallel-Arm, Double-Masked, Vehicle Controlled Phase 3 Study Evaluating the Safety and Efficacy of OTX-DP for the Treatment of Ocular Inflammation and Pain after Cataract Surgery
 - a. Sponsor: Ocular Therapeutix, Inc.

- b. My Role: Sub-Investigator
10. Effect of blue light filtration on visual performance (Protocol A01311).
 - a. Sponsor: Alcon
My Role: Sub-Investigator
11. Evaluation of Visual Outcomes and Contrast Sensitivity After Myopic Wavefront-Optimized LASIK with Contralateral NexisVision Shield or Bandage Contact Lens or Standard LASIK Without a Shield or Bandage Contact Lens- Protocol CNVS-VR-002
 - a. Sponsor: ForSight Labs
 - b. My Role: Sub-Investigator
12. Glaukos iStent in Postmarket Registry GTS 100-PAR
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
13. Clinical Study of the Artisan Aphakia Lens of the Correction of Aphakia in Adults
 - a. Sponsor: Ophtec USA, Inc.
 - b. My Role: Sub-Investigator
14. A Non-Randomized, Open-Label Study to Evaluate the Safety and Effectiveness of Nasal Stimulation Therapy for Tear Production with the Oculeve Intranasal Lacrimal TENS Unit. Protocol OCU-006.
 - a. Sponsor: Oculeve
 - b. My Role: Sub-Investigator
15. A Multicenter, Randomized, Double-Masked, Vehicle-Controlled, Parallel Group Phase III Study of the Efficacy and Safety of a Single Sub-conjunctival Injection of XG-102 for the Reduction of Post-Cataract Surgery Intraocular Inflammation
 - a. Sponsor: Xigen S.A.
 - b. My Role: Sub-Investigator
16. Use of the Visumax Femtosecond Laser Lenticule Removal Procedure for the Correction of Myopia With or Without Astigmatism. Protocol VISUMAX -2014-1.
 - a. Sponsor: Zeiss
 - b. My Role: Sub-Investigator
17. A Non-Randomized, Open-Label Study to Evaluate the Safety and Proof of Concept of Negative Pressure Applied to the Periocular Microenvironment Anterior to the Orbital Rim (EQX-001)
 - a. Sponsor: Equinox, LLC
 - b. My Role: Sub-Investigator
18. A Prospective, Post Approval Study to Evaluate the Trulign Toric Posterior Chamber Intraocular Lens (IOL)
 - a. Sponsor: Bausch and Lomb
 - b. My Role: Sub-Investigator
19. Post-Approval Study of the Tecnis® Toric IOL, Models ZCT300 and ZCT400
 - a. Sponsor: Abbott
 - b. My Role: Sub-Investigator
20. Double-Masked, Randomized, Controlled Study of KPI-121 0.25% Ophthalmic Suspension Compared to Vehicle in Subjects With Dry Eye Disease, Phase III.
 - a. Sponsor: Kala Pharmaceuticals, Inc.
 - b. My Role: Sub-Investigator
21. A Prospective Multi-Center Study of Anterior Lens Capsulotomy Using the Mynosys Zepto System.
 - a. Sponsor: Mynosys Cellular Devices, Inc.
 - b. My Role: Sub-Investigator
22. Post-Approval Study of the Tecnis® Toric IOL, Models ZCT450, ZCT525, ZCT600
 - a. Sponsor: Abbott
 - b. My Role: Sub-Investigator
23. Prospective, Randomized Phase II Study Comparing Two Elution Rates of Glaukos Travoprost Intraocular Implants to Timolol Maleate Ophthalmic Solution, USP, 0.5% (GC-009)
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator

24. Quality of Vision of Patients Implanted with Intraocular Lens After Cataract Surgery
 - a. Sponsor: ClarVista
 - b. My Role: Sub-Investigator
25. A Randomized Masked, Prospective Pilot Study of the Safety and Performance of the EyeGate Ocular Bandage Gel, A 0.75% Crosslinked Hyaluronic Acid Applied Topically for Accelerating Re-Epithelization of Corneal Epithelia Defects Resulting From Photorefractive Keratectomy (PRK) Used in Combination With and Without A Bandage Contact Lens
 - a. Sponsor: EyeGate Pharma
 - b. My Role: Sub-Investigator
26. A Randomized Masked, Prospective Pilot Study of the Safety and Performance of the EyeGate Ocular Bandage Gel, A 0.75% Crosslinked Hyaluronic Acid Applied Topically for Accelerating Re-Epithelization of Corneal Epithelia Defects Resulting From Laser-Assisted In Situ Keratomileusis (LASIK) Versus Artificial Tears
 - a. Sponsor: EyeGate Pharma
 - b. My Role: Sub-Investigator
27. A Prospective, Controlled, Multicenter Post-Approval Study of the Glaukos iStent Trabecular Micro-Bypass Stent System in Conjunction with Cataract Surgery (GTS100-PAS2)
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
28. A Prospective, Open-Label Study to Evaluate the Safety of Negative Pressure Applied in the Periocular Microenvironment Anterior to the Orbital Rim Nightly to Lower Intraocular Pressure (IOP) in Subjects with Ocular Hypertension, Glaucoma Suspect, or Open Angle Glaucoma (OAG)
 - a. Sponsor: Equinox, LLC
 - b. My Role: Sub-Investigator
29. Clinical Investigation of the TECNIS® Next-Generation Intraocular Lenses
 - a. Sponsor: Abbott Medical Optics Inc.
 - b. My Role: Sub-Investigator
30. Bausch & Lomb Ophthalmic Viscosurgical Device (OVD) Dispersive (DVisc40)
 - a. Sponsor: Bausch & Lomb Incorporated
 - b. My Role: Sub-Investigator
31. A Multi-Center, Prospective Clinical Trial to Evaluate the Safety And Effectiveness of the CT LUCIA 611P Posterior Chamber Intraocular Lens for Correction of Aphakia Following Cataract Removal
 - a. Sponsor: Carl Zeiss Meditec Production LLC
 - b. My Role: Sub-Investigator
32. Clinical Evaluation of a Small Aperture Extended Depth of Focus Intraocular Lens
 - a. Sponsor: Acufocus, Inc.
 - b. My Role: Sub-Investigator
33. Postmarket Study of ORA with VerifEye+ and Barrett Toric Calculator used for the Implantation of AcrySof Toric
 - a. Sponsor: Alcon
 - b. My Role: Sub-Investigator
34. A Prospective Randomized Controlled Multi-Center Clinical Study to Evaluate the Safety and Effectiveness of the Rxsight Light Adjustable Lens (LAL) in Subjects with Prior Corneal Refractive Surgery (CSP-027)
 - a. Sponsor: RxSight, Inc.
 - b. My Role: Sub-Investigator
35. A Phase III, Multi-center Study to Evaluate the Safety and Efficacy of Epithelium-on Corneal Collagen Cross-linking in Eyes with Progressive Keratoconus
 - a. Sponsor: Avedro, Inc.

- b. My Role: Sub-Investigator
- 36. Clinical Investigation of the Safety and Effectiveness of the Next-Generation TECNIS® Symphony® Intraocular Lens Model ZHR00
 - a. Sponsor: Johnson & Johnson, Inc.
 - b. My Role: Sub-Investigator
- 37. A Prospective, Multicenter Clinical Investigation of the Glaukos® Trabecular Micro-Bypass System, Model iS3, in Subjects with Refractory Glaucoma (GC-011)
 - a. Sponsor: Glaukos Corporation
 - b. My Role: Sub-Investigator
- 38. Prospective, Randomized Phase 3 Study Comparing Two Models of a Travoprost Intraocular Implant to Timolol Maleate Ophthalmic Solution, Usp, 0.5% (GC-010)
 - a. Sponsor: Glaukos Corporation
 - b. My Role: Sub-Investigator
- 39. A Prospective Controlled Multi-Center Clinical Study to Evaluate the Safety and Effectiveness of Performing 0.50 Diopter Astigmatism Correction on the Commercially Available Light Adjustable Lens (LAL) (CSP-034)
 - a. Sponsor: RxSight, Inc.
 - b. My Role: Sub-Investigator
- 40. Post-Approval study of the Tecnis Symphony Toric Lenses TIOL-205-STPA (Ancora)
 - a. Sponsor: Johnson & Johnson Surgical Vision, Inc.
 - b. My Role: Sub-Investigator
- 41. Clinical Investigation of the Safety and Effectiveness of an Investigational Model of the TECNIS Intraocular Lens SUR-CAT-652-2001 (BRAVO)
 - a. Sponsor: Johnson & Johnson Surgical Vision, Inc.
 - b. My Role: Sub-Investigator
- 42. A Pilot Study of the Safety and Performance of the Eyegate Ocular Bandage gel, a 0.75% Crosslinked Hyaluronic Acid applied Topically for the Improvement of Punctate Epitheliopathies (PE).
 - a. Sponsor: EyeGate
 - b. My Role: Sub-Investigator
- 43. A Prospective Multicenter Clinical Study to Evaluate the Safety and Effectiveness of the MEL 90 Excimer Laser using LASIK (Laser IN SITU Keratomileusis) for the Correction of Myopia, Hyperopia, Astigmatism and Mixed Astigmatism.
 - a. Sponser: Carl Zeiss
 - b. My Role: Sub-Investigator
- 44. Randomized, Controlled Trial to Evaluate the Safety and Effectiveness of the TearCare System in the Treatment of the Signs and Symptoms of Dry Eye Disease (Olympia)
 - a. Sponsor: Sight Sciences, Inc.
 - b. My Role: Sub-Investigator
- 45. A Phase 3, Multicenter, Double-Masked, Randomized, Vehicle-Controlled, Parallel-Group Study Evaluating the Safety and Efficacy of AGN-190584 in Participants with Presbyopia
 - a. Sponsor: Allergan, Inc
 - b. My Role: Sub-Investigator
- 46. A Phase 3b Study to Evaluate the Duration of Effect of Bimatoprost SR in Participants with Open-Angle Glaucoma or Ocular Hypertension
 - a. Sponsor: Allergan, Inc
 - b. My Role: Sub-Investigator
- 47. A Prospective Randomized Controlled Multi-Center Clinical Study to Evaluate the safety and effectiveness of the RxSight Light Adjustable Lens (LAL) in Subjects desiring and extended depth of focus.
 - a. Sponsor: RxSight, Inc.
 - b. My Role: Sub-Investigator

48. **Negative Pressure Applied by the Equinox Mercury™ Multi-Pressure Dial as an Adjunct Therapy for Lowering Intraocular Pressure in Subjects with Normal Tension Glaucoma (The Artemis Study CP-019)**
 - a. Sponsor: Equinox Ophthalmic, Inc
 - b. My Role: Sub-Investigator
49. A Randomized, placebo-controlled, double-masked, multi-center, dose-ranging study to evaluate the safety and efficacy of UNR844 in subjects with presbyopia.
 - a. Sponsor: Novartis
 - b. My Role: Sub-Investigator
50. A randomized, double-masked, multicenter study to evaluate the safety and efficacy of ECF843 vs Vehicle in subjects with dry eye disease
 - a. Sponsor: Novartis
 - b. My Role: Sub-Investigator
51. Post-approval Study of Wavefront-guided LASIK for Monovision Treatment of Myopic Subjects with Presbyopia
 - a. Sponsor: Johnson & Johnson
 - b. My Role: Sub-Investigator
52. A Prospective, Multicenter, Randomized, Active-Controlled Clinical Study to Evaluate the Safety and Effectiveness of the enVista One-Piece Hydrophobic Acrylic Trifocal Intraocular Lens in Subjects Undergoing Cataract Extraction (B&L 945 Envista).
 - a. Sponsor: Bausch & Lomb
 - b. My Role: Sub-Investigator
53. A Randomized, Open-Label, Parallel-Group Study to Evaluate the Safety and efficacy of Two Dosing Regimens of Netarsudil Ophthalmic Solution in Patients with Corneal Edema Due to Fuchs Corneal Dystrophy (AR-13324-CS210)
 - a. Sponsor: Aerie Pharmaceuticals, Inc
 - b. My Role: Sub-Investigator
54. Prospective, non-randomized, open label, multi-center, single arm study of exchange of travoprost intraocular implant (Exchange IDOS-106-EXCH)
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
55. Trabecular micro-bypass system new enrollment post-approval study (ISTENT INJECT® IG2M-105-PASN)
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
56. A Phase 1/ Phase 2 Study Evaluating the Safety and Efficacy of the Investigational New Drug TTHX1114(NM141) on the Regeneration of Corneal Endothelial Cells in Patients with Corneal Endothelial Dystrophies following Intracameral Delivery TTHX-001
 - a. Sponsor: Trefoil Therapeutics, Inc
 - b. My Role: Sub-Investigator
57. Phase 2 Study To Determine the Safety and Efficacy of the Investigational New Drug TTHX1114(NM141) on the Regeneration and Migration of Corneal Endothelial Cells in Patients undergoing Descemetorhexis without Endothelial Keratoplasty (Descemet Stripping Only) TTHX-002
 - a. Sponsor: Trefoil Therapeutics, Inc
 - b. My Role: Sub-Investigator
58. A Multi-Center, Randomized, Double-Masked, Vehicle-Controlled, Parallel-Group, Study to Evaluate the Safety and Efficacy of CSB-001 Ophthalmic Solution 0.1% in Stage 2 and 3 Neurotrophic Keratitis Subjects (CSB-C20-003)
 - a. Sponsor: Claris Biotherapeutics, Inc.
 - b. My Role: Sub-Investigator
59. A randomized active-controlled multi-site double-masked study to evaluate the safety and tolerability of 2 concentrations of QLS-101 versus timolol maleate Preservative Free (PF) 0.5% ophthalmic solution in subjects with normal tension glaucoma
 - a. Sponsor: Qlaris
 - b. My Role: Sub-Investigator

60. Analysis of Defocus Curve of Pre-Presbyopic and Emerging Presbyopic Patients (Alcon Defocus Curve)
 - a. Investigator Initiated Trial
 - b. Sponsor: Vance Thompson Vision
 - c. Paper Published
61. Long Term Outcomes of Vivify IOL versus Control (Alcon REVIVE)
 - a. Investigator Initiated Trial
 - b. Sponsor: Vance Thompson Vision
62. In Clinic Optometrist Insertion of Dextenza Prior to Cataract Surgery To evaluate the clinical outcomes with optometrist pre-surgical insertion of DEXTENZA in the clinical office setting in patients undergoing same-day cataract surgery compared to standard of care steroid therapy (Ocular Therapeutix PREPARE)
 - a. Investigator Initiated Trial
 - b. Sponsor: Vance Thompson Vision
63. A Randomized, Controlled, Masked (Reading Center) Prospective Study of the Effectiveness and Safety of the Ocular Therapeutix Dextenza (dexamethasone Ophthalmic insert) 0.4 mg for the treatment of post-operative inflammation and pain in patients who have undergone PhotoREFractive Keratectomy (PRK)
 - a. Investigator Initiated Trial
 - b. Sponsor: Vance Thompson Vision
64. Outcomes in Patients with Early Stage Glaucoma (Alcon ViVity)
 - a. Investigator Initiated Trial
 - b. Sponsor: Vance Thompson Vision
65. A 6-Month, Multicenter, Double-Masked, Randomized, Vehicle-Controlled Phase 3 Safety and Efficacy Study with an Open-Label, 6-Month Safety Extension of BRIMOLCHOL™ (Carbachol /Brimonidine Tartrate Fixed-Dose Combination) Topical Ophthalmic Solution vs. Vehicle in Subjects with Emmetropic Phakic and Pseudophakic Presbyopia (VT-003)
 - a. Sponsor: Visus Therapeutics, Inc
 - b. My Role: Sub-Investigator
66. RxSight Light Adjustable Lens (LAL) and Light Delivery Device (LDD) New Enrollment Study (CSP-029)
 - a. Sponsor: RxSight
 - b. My Role: Sub-Investigator
67. A Double-Masked, Randomized, Placebo-Controlled, Parallel-Group, 12-Week Treatment and 14-week Extension, Phase 3 Study to Investigate the Safety and Efficacy of Ripasudil (K-321) Eye Drops After Cataract Surgery
 - a. Sponsor: Kowa Research Institute, Inc.
 - b. My Role: Sub-Investigator
68. The Vision-2 Study-A Multi-Center, Double-Masked, Placebo-Controlled Phase 3 Study of The Safety and Efficacy of 2% Pilocarpine Ophthalmic Spray Administered with the Optejet Microdose Dispenser for Temporary Improvement of Near Vision in Adults with Presbyopia.
 - a. Sponsor: EyeNovia, Inc
 - b. My Role: Principal Investigator
69. A Study to Investigate the Safety and Effectiveness of the TENEO 317 Model 2 (1.28 US) Excimer Laser for Laser In Situ Keratomileusis (LASIK) Surgery to Treat Hyperopia With or Without Astigmatism (B&L 906)
 - a. Sponsor: Bausch & Lomb, Incorporated
 - b. Sub-Investigator
70. Clinical Investigation of the Safety and Effectiveness of FINEVISION HP Trifocal IOL (PHY1903 FineVision)
 - a. Sponsor: Beaver-Visitec International, Inc
 - b. My Role: Sub-Investigator
71. An open-label, multi-center, bilateral, human factors formative study to evaluate the utilization and safety of a novel intracanalicular insertion device in healthy subjects (OTX-DPI-2020-401 Healthy Eyes)

- a. Sponsor: Ocular Therapeutix, Inc.
 - b. My Role: Sub-Investigator
72. A Multicenter, Double-Masked, Randomized, Vehicle-Controlled 12-Month (with a 12-Month, Double-Masked Extension) Parallel Comparison of the Safety and Efficacy of 0.1% and 0.2% CBT-001 versus Vehicle, Dosed Twice-Daily, in Patients with Pterygium (CBT-CS301)
 - a. Sponsor: Cloudbreak Therapeutics LLC
 - b. My Role: Sub-Investigator
73. Randomized, Double-Masked, Placebo-Controlled, Multicenter, Phase 3 Study of the Safety and Efficacy of Nyxol (Phentolamine Ophthalmic Solution 0.75%) as a Single Agent and With Adjunctive Low-Dose Pilocarpine Hydrochloride Ophthalmic Solution 0.4% in Subjects With Presbyopia (OPI-NYXP-301 VEGA-2)
 - a. Sponsor: Ocular Therapeutics, Inc
 - b. My Role: Sub-Investigator
74. A Phase IIa, Randomized, Double-Masked, Placebo-Controlled, Parallel-Group, Multicenter Study Assessing the Efficacy and Safety of STN1013600 Ophthalmic Solution 0.1% and 0.3% Compared with Placebo in Subjects with Presbyopia (101360002IN: OPSIS)
 - a. Sponsor: Santen Inc
 - b. My Role: Sub-Investigator
75. Clinical Outcomes of Patients Bilaterally Implanted with the Commercially Available RxSight Light Adjustable Lens (LAL) PMCS-006
 - a. Sponsor: RxSight, Inc
 - b. My Role: Sub-Investigator
76. Clinical Outcomes of Patients Bilaterally Implanted with the Commercially Available RxSight Light Adjustable Lens+ (LAL+) PMCS-007
 - a. Sponsor: RxSight, Inc
 - b. My Role: Sub-Investigator
77. A Phase 3, Multi-center, Randomized, Double-masked, Placebo/Sham-controlled Study to Evaluate the Safety and Efficacy of Oxygen Enriched, Non-invasive Epithelium-on Corneal Collagen Cross-linking in Eyes with Keratoconus (GLK-202-02)
 - a. Sponsor: Glaukos
 - b. My Role: Sub-Investigator
78. Clinical trial to investigate the safety and effectiveness of a hydrophilic EMV toric lens RAO210T in the correction of aphakia and post-operative corneal astigmatism (WR-2023-US-03)
 - a. Sponsor: Rayner Intraocular Lenses Limited
 - b. My Role: Sub-Investigator
79. User Acceptability Evaluation of Pseudophakic Patients Previously Implanted with the TECNIS Odyssey™ IOL (DIOL111MOLS Maverick FLIGHT)
 - a. Sponsor: Johnson & Johnson Surgical Vision, Inc.
 - b. My Role: Sub-Investigator
80. A Dose Ranging, Multicenter, Sham-Controlled Study to Evaluate the Safety and Efficacy of Corneal Cross-linking in Subjects with Keratoconus (NXL-101-KCON)
 - a. Sponsor: Glaukos Corporation
 - b. My Role: Sub-Investigator
81. Lenstec SBL-3 Intraocular Lens Post Approval Study (SBL-3-PAS-001)
 - a. Sponsor: Lenstec, Inc.
 - b. My Role: Sub-Investigator
82. CLARA: A Phase 1/2 Multi-center, Randomized, Double-Masked, Prospective, Parallel-Arm Study of AURN001 in Subjects with Corneal Edema Secondary to Corneal Endothelial Dysfunction (ABA-1)
 - a. Sponsor: Aurion Biotech, Inc
 - b. My Role: Sub-Investigator
83. A Prospective, Multicenter, Randomized, Controlled Clinical Study to Evaluate the Safety and Effectiveness of the enVista® Beyond (EY) EDF Intraocular Lens in Subjects Undergoing Cataract Extraction (B&L 924 Beyond)

- a. Sponsor: Bausch & Lomb, Incorporated
 - b. My Role: Sub-Investigator
84. A Phase 4, Multicenter, Open-Label Study to Evaluate the Effect of Miebo® on Preoperative Biometry/Keratometry and Postoperative Refractive Accuracy (B&L936 Miebo®)
 - a. Sponsor: Bausch & Lomb Inc
 - b. My Role: Sub-Investigator
 85. A multi-center, prospective, randomized, controlled clinical trial to demonstrate the safety and effectiveness of the full visual range AT ELANA 841P posterior chamber intraocular lens for correction of aphakia following cataract removal
 - a. Sponsor: Carl Zeiss Meditec USA, Inc
 - b. My Role: Sub-Investigator
 86. Clinical Investigation of the TECNIS® Next-Generation Intraocular Lens (PHOENIX)
 - a. Sponsor: Johnson & Johnson Surgical Vision, Inc
 - b. My Role: Sub-Investigator
 87. Clinical Trial to Investigate the Safety and Effectiveness of a Hydrophilic Multifoca Intraocular Lens RayOne Galaxy RAO605G in Comparison with a Monofocal Intraocular Lens (RAO600C) (WR-2021-US-01 GALAXY)
 - a. Sponsor: Rayner Intraocular Lenses Limited
 - b. My Role: Sub-Investigator
 88. A Prospective, Multicenter Clinical Study to Evaluate the Safety and Effectiveness of Ab Externo Implantation of Glaucoma Gel Stent (XEN45 1924-703-007)
 - a. Sponsor: AbbVie, Inc.
 - b. My Role: Sub-Investigator
 89. Clinical Investigation of the Safety and Effectiveness of Monofocal PODEYE TORIC Intraocular Lens (IOL) (PodEye PHY2303)
 - a. Sponsor: : Beaver-Visitec International, Inc
 - b. My Role: Sub-Investigator
 90. Multicenter, Randomized, Double-masked, Parallel Group Trial to Evaluate the Safety and Efficacy of iDose® TR (travoprost intracameral implant) in Conjunction with Cataract Surgery vs. Cataract Surgery Alone (GLK-101-04)
 - a. Sponsor: Glaukos Corporation
 - b. My Role: Sub-Investigator
 91. Multicenter, Randomized, Double-masked Trial to Evaluate the Safety and Efficacy of iDose® TR (travoprost intraocular implant) in Conjunction with the Placement of iStent infinite vs. iStent infinite Alone in Subjects with Open-angle Glaucoma or Ocular Hypertension (GLK-101-01)
 - a. Sponsor: Glaukos Corporation
 - b. My Role: Sub-Investigator

Honors

- 2024 – Present: Vice President of Optometric Glaucoma Society
- 2024-Present: Past President of South Dakota Optometric Society
- 2021 – Present: Co-Chair for Eyes on Glaucoma
- 2021 – Present: Co-Chair for Modern Optometry Live
- 2019 – Present: Co-Chief Medical Editor for Modern Optometry
- 2018 – Present: Editorial Board Member for Collaborative Eye
- 2017 – Present: Editorial Board Member for Primary Care Optometry News

- 2020-2024: Treasurer of Optometric Glaucoma Society
- 2022 – 2024: President of South Dakota Optometric Society
- 2020-2022: President of Intrepid Eye Society
- 2020-2022: President Elect of South Dakota Optometric Society
- 2015-2018 Editorial Board Member for Advanced Ocular Care
- 2009 Jamestown College Young Medallion Alumni Award – Awarded to an alumni of Jamestown College that has demonstrated success and growth in their chosen field within 10 years of graduation.
- 2007-2008 Readers Choice Award “Best Optometrist” Sioux Falls Business Journal

Professional Membership

- Co-Chief Medical Editor for Modern Optometry
- Editorial Board Member for Collaborative Eye
- Editorial Board Member Primary Care Optometry News
- Editorial Board Member Advanced Ocular Care - Past
- Optometric Cornea, Cataract and Refractive Society
- Fellow, American Academy of Optometry
- Intrepid Eye Society
- Optometric Glaucoma Society
- Scleral Lens Education Society
- South Dakota Optometric Society
- American Optometric Association
- Beta Sigma Kappa International Optometric Honor Society

Volunteer Experience

- Lutheran Social Services Mentor (2010-2012)
- Optimist International Member (2006-Present)
- Sioux Falls Lions Eye Clinic (2008-Present)

Interests and Extracurricular Activities

Hobbies include running, cycling, swimming, golfing, cooking, reading, hunting
